Crowds at Colombes Stadium Are Given Thrills a Plenty

HAROLD ABRAHAMS VICTORIOUS IN ONE HUNDRED METRES DASH

Cambridge University Sprinter is Outstanding Star of the Day's Olympic Track and Field Events at Colombes Stadium

WINNER LEAVES NO DOUBT OF SUPERIORITY, DEFEATING SCHOLTZ BY THREE YARDS

For the Third Time in Two Days, Abrahams Makes Record Time of 10 3-5 Seconds—Runs Great Race

OLYMPIC STADIUM, COLOMBES, France, July 7.—Capturing the 100 metres title for Great Britain and depriving the United States of one of its most cherished Olympic championships, Harold Abrahams, of Cambridge University, was the outstanding star of today's Olympic track and field events. Abrahams left no doubt of his superiority over the sprinters of all nations when he beat Scholtz, the fleetest of the Americans, by three yards to the tape in the Olympic record time of 10 3-5 seconds. It was the third time that the Cambridge man had made the record time in two days.

United States stars showed up in three other events, equalling the world's records and equalling the Olympic record in the 400 metres hurdle in the world's record time of 22 3-4 seconds. Robert Tate of France, 25 feet 6 inches to a world's record in the running broad jump and H. M. Colborne slipped over the high jump bar at 4 feet 6 inches to equal the Olympic record.

Abrahams, whose long "saw" stride yesterday carried him to triumph and proved that he was the greatest sprinter in the world, triumphed again by heavily outpacing him with a much greater stride and a much greater stride.

A Good Start Where he had won his previous races with sensational dashes, in the final he was off in a flash. He showed a yard in front of Scholtz and Tate when the race was on, and lengthened the mark on his powerful stride during the race.

Abrahams, who had won his previous races with sensational dashes, in the final he was off in a flash. He showed a yard in front of Scholtz and Tate when the race was on, and lengthened the mark on his powerful stride during the race.

COMMON-SENSE GOLF

By ALEX J. MORRISON
Third-Hand Club Champion of America

Holding out a golf ball is as easy as holding out a piece of apple pie. That statement is likely to be regarded as a truism by anyone who has played golf or who has seen a golfer play. But apply the same theories to the game of golf and you will find that it is not so simple as it seems. Do you think of the particular way you're sitting in your chair? Do you think of the particular way you're holding the club? Do you think of the particular way you're swinging the club? Do you think of the particular way you're following through? Do you think of the particular way you're breathing? Do you think of the particular way you're concentrating? Do you think of the particular way you're enjoying the game? Do you think of the particular way you're competing? Do you think of the particular way you're winning? Do you think of the particular way you're losing? Do you think of the particular way you're playing? Do you think of the particular way you're golfing? Do you think of the particular way you're common-sense golfing?

Do you think of the particular way you're common-sense golfing?

Do you think of the particular way you're common-sense golfing?

Do you think of the particular way you're common-sense golfing?

NATIONAL RIFLE ASSOCIATION ENCOURAGES MARKSMANSHIP

RADIALS WIN FROM RITCHIE

Was Originally Formed to Give Permanence to Volunteer Corps and to Encourage Rifle Shooting Throughout the King's Dominions

Score Is 16 to 8—Dinty Moore Pitches a First-Rate Game

WAS FOUNDED IN 1860 AND HAS STEADILY ADHERED TO THIS PRINCIPLE

Crack Shots From All Parts of the British Empire Congregate at Surrey Camp to Match Their Prowess Against One Another

LONDON, July 7.—(By Canadian Press).—"To give permanence to volunteer corps and to encourage rifle shooting throughout the King's dominions" was given as the reason for the founding of the National Rifle Association in 1860, and this purpose has been so steadily adhered to in the intervening years that today as in many years gone by, there are at the Bisley Camp, Surrey, marksmen from throughout the Empire, eager to match their steadiness of nerve and keenness of vision in the many important events that are on the "weeks" program.

The Queen Mary Prize for pistol shooting is the principal event of the week, and the shooting, as has been customary in the past, is being held in the afternoon. The "Weeks" program, which is the highest distinction that can be won by a marksman, is being held in the afternoon. The "Weeks" program, which is the highest distinction that can be won by a marksman, is being held in the afternoon.

EDMONTON ANNUAL CONVENTION

EDMONTON, ALBERTA, TUESDAY MORNING, JULY 8, 1924

ONTARIO WANTS ALBERTA COAL

Howard Stutchbury Requests Dominion Government to Arrange For Shipment

DEMAND IS GENERAL
Market Guaranteed If Steps Can Be Taken to Reduce Freight Rates

"Interest in Ontario is still centered on Alberta for the forthcoming winter fuel supply," said Howard Stutchbury, Provincial Trade Commissioner yesterday. "I am receiving communications every day requesting the possibility of supplying large quantities of coal to that province."

The following letter from the Ontario Minister of Commerce, Mr. J. H. Macdonald, is typical of the communications being received, said Mr. Stutchbury. "We would appreciate very much having a letter from you with something as near definite as you can give with regard to the possibility of and when we are likely to receive a further quantity of Alberta coal. A great many clubs throughout the province are enquiring for Alberta coal, and in order to deliver intelligently we must know if there is anything in sight about what the tonnage will be, and approximately the freight rate."

Mr. Stutchbury, "has informed me that a tonnage of about 100,000 tons if the coal were available."

The Ontario Minister suggested that a trial shipment of 10,000 tons of Alberta coal be made to ascertain the exact cost of freight and the amount of tonnage required to understand to view the proposition favorably, a trial has yet been taken.

CITY HEADS ASK GAS GUARANTEE

Premier Hears Argument Against Carbon Black Manufacture Here

Mayor K. A. Blainford and Commissioner H. H. Greenfield yesterday morning, and laid before him the correspondence regarding the operations of British Columbia Carbon Black Co. in the field, where it is said large quantities of gas are being used in the manufacture of carbon black.

The city council is expected to take into the matter, as the corporation is expected to have authority that the large supply of gas required for the manufacture of carbon black will be the means of seriously affecting the supply of gas for the city, and to the detriment of the city and other Alberta towns draw their supply.

Premier Greenfield was preparing to leave the city for his week-end tour of the province, but he was delaying his attention when he returned.

BRITISH INQUIRE ABOUT LAND HERE

Publicity System in London Gets Results—Many Settlers Expected

The publicity department of the Canadian National Railway branch in London in charge of Dr. W. H. Blackie is receiving many inquiries from industrial and farming organizations in Western Canada.

Colonization officials believe that the publicity system will result in a large number of desirable settlers coming to the west this year and still remain in the west. The publicity system is expected by officials to result in the coming of many more settlers, which will have the effect of increasing the number of settlers in the west.

MACLEOD MEETING PROVED SUCCESSFUL

Nicholson Returns from Celebration, Where Old Friends Gathered

The celebration of the fifteenth anniversary of the institution of the Royal Canadian Mounted Police, which took place at Macleod last night, was carried out in the most satisfactory manner. The celebration was the largest since the formation of the force, and the attendance was the largest since the formation of the force.

"We'll never have such a time again," said Assistant Commissioner Nicholson, who returned from Macleod yesterday. "The celebration was a great success, and the attendance was the largest since the formation of the force."

SOUTHERN ALBERTA MEET

Mr. and Mrs. David Brown and three-year-old daughter arrived in the city from Macleod yesterday, and registered at the Inn. The celebration was a great success, and the attendance was the largest since the formation of the force.

Local Business Men To Visit Grande Prairie On Hudson's Hope Trip

A circular letter regarding the business men's trip to Hudson's Hope on July 14 has been prepared and will be sent to members of the Edmonton Board of Trade today. The letter gives the itinerary, and deals with all matters incidental to the journey.

"We have received a cordial invitation from the members of the Grande Prairie Board of Trade to travel that way," said Secretary John Blue yesterday.

Several business men have applied to accompany the party to the north country, said Mr. Blue. Any one desirous of making the trip is requested to communicate with the secretary immediately.

The journey to Hudson's Hope will be made by way of Grande Prairie, Peace River, and upstream on the steamer D. A. Thomas.

ROLLING STOCK IS NOW WIDE

Railways Ask Co-Operation by Shipping Coal at Slack Season

BUSY SEASON COMING

Purchasing Now Would Enable Mines to Produce Steadily

John Blue, secretary of the Edmonton Board of Trade, received the following letter yesterday from C. F. Hilditch, general secretary of the Railway Association of Canada:

"The railways respectfully suggest that ball and winter supplies of coal and other storage materials should be purchased now for immediate delivery."

"Traffic Quiet Now"—"Railways are quiet in this country from the end of September to the end of March, and during this period the railways are not in a position to handle large quantities of coal and other storage materials."

"It will be remembered that last fall and winter, the railways were particularly free from congestion, and during the slack season the railways are not in a position to handle large quantities of coal and other storage materials."

"The railways are not in a position to handle large quantities of coal and other storage materials during the slack season, and during the busy season the railways are not in a position to handle large quantities of coal and other storage materials."

Flower Show Officials Expect Increased Entries as a Result

PRIZE LIST IS LONG

C. E. Williams Finds Tanglefoot Excellent Defence Against Caterpillars

The beneficial results of recent rains on the garden crops should result in a large list of entries for the Flower and Vegetable Garden Competition, which is being held on July 22, according to C. E. Williams, secretary of the Horticultural Society.

"The moisture will bring many persons up to the show," said Mr. Williams, "and the result will be a large list of entries for the competition."

"The officials of the society are of the opinion that they will have the largest list of entries for the competition, and the result will be a large list of entries for the competition."

Saskatchewan River Approaches High Mark Recorded Last Year

During the last seven days, the Saskatchewan River has risen here from a registered height of fifty-nine inches to practically sixty-three inches yesterday morning.

Yesterday it fell slightly, and at midnight was steady.

The highest recorded last year was 74.5 on June 25. There is considerable speculation at present whether the river will go much higher than at present.

The local rainfall has little or no effect on the river, but rain in the mountains near the source of the river will cause it to rise several feet in one day.

The dam at Day's Landing, which is a great source of trouble to the people of the district, is being repaired, and the result will be a large list of entries for the competition."
